Description:

This website is a mobile version of the desktop portfolio website created previously.

Website : <http://webdesign4.georgianc.on.ca/~200198596/comp2068/proj1/index.html>

Github : <https://github.com/Ev44o/PortWebMobile>

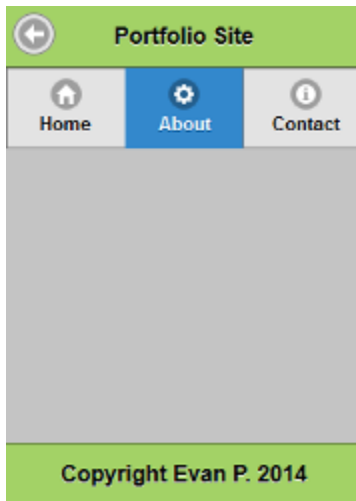

NavBar:

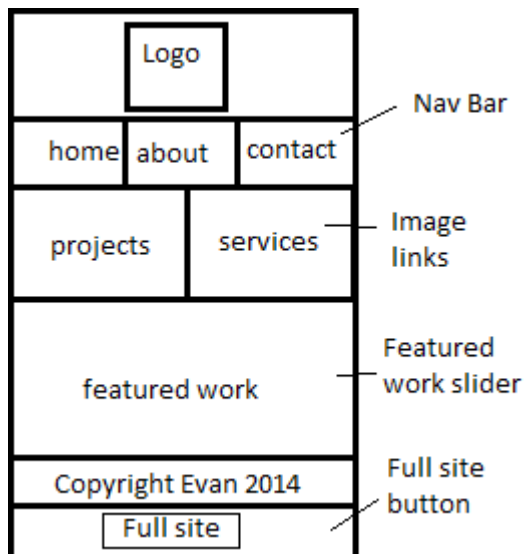

Colours:

The mobile design uses greens as the main colour focus because they are known to be the easiest colours for the eyes to view. Green is soothing especially when it is used in a pastel pallet.

Typography:

Wireframe:

Branding:
